### Self Discovery Assessment

Part 1 | Part 2 | Part 3 | Part 4

**Instructions:**  
There are four parts to the Self Discovery Assessment. In each part, you will be asked to read brief descriptions of two people and decide which person sounds more like you. These are *only brief* descriptions, so neither one will sound exactly like you. After you've decided, answer the questions and move on to the next part.

Please keep in mind, there are no right or wrong, better or worse answers. Just try to answer each question as honestly and objectively as you can - based on which person you are *more* like in your everyday life, not who you may wish you were, or think you should be like!

**Description 1**

Emily has lots of friends whom she likes to spend time with and she usually enjoys meeting new people. She likes to talk on the phone and often tries to get her friends together to party or go to the movies. Just thinking about getting something going gets Emily pretty pumped up.	Melissa's a pretty private person. She has very close friends she's known for years. She likes to do things with them but she also enjoys spending time alone - working on projects, reading, or just relaxing. When it comes to social situations — especially new ones - Melissa often prefers to hang back and observe awhile before getting involved.

**Description 2**

At lunch, Emily almost always sits and talks with other people and she belongs to several clubs — mostly because she likes the social interaction. If given a choice, she would prefer to do homework with others, and often chats with her friends while she's working.	Melissa almost always prefers to study alone and she has amazing powers of concentration. Melissa's interests are deep and intense, like she is. She knows a lot about the subjects that interest her and enjoys sharing her knowledge with other people, but she really dislikes superficial chit-chat.
