## How to Have a Successful Freshmen Year

**Come to School-** To succeed in high school, you must have good attendance.

**Be Organized:** Use a planner and folders for school work, keep your backpack neat and get organized before you go to bed each night.

**Be Successful in the Classroom-** Be prepared for class, always do your homework, participate in class, be a good group member, treat others with respect.

**Stay Informed** – Listen to the announcements everyday

**Get Involved** – Find a club, activity or sport that suits you. There is something for everyone.

**Don't be afraid to ask for help-** You can't expect to grow on your own. Advocate for yourself. Attend tutoring sessions with your teachers and ask questions.
