[INTRO TO THE WORD]

Now ... along with the many hours athletes dedicate to their sport during the week, some programs require time spent over the weekend.

And for the dance team, they spent their weekend volunteering to teach kids at a dance clinic... Here's JULIA RUCCIONE with more in your... "Word round Campus."

UP FIRST, Whitney Dance SHARED THIS ON ... INSTAGRAM WITH THE HASHTAG WHSUNLEASHED.

In this picture you can see Junior Savannah Sorenson at the winter Dance Clinic along with 2 campers last weekend. They had at total of 75 campers attend the Clinic and got to teach these future Wildcats both technique and dance routines. The dance team said they had fun working with the kids and can't wait to do it again at their week long summer camp in June.

AND THIS WEEK WE ASKED YOU to tell us how you have changed over the past 10 years USING THE HASHTAG WHSUNLEASHED.

Junior Reese Philips said that over the past 10 years she has changed a lot, but her friendship with junior Emily Pontes ... has stayed the same. In the first picture you can see Reece and Emily back in 2008 and in the second photo they are 10 years older heading off to homecoming together. Emily says she doesn't know what she would do without Reece by her side through all of life's changes.

NOW, we went on twitter to find out WHAT'S TRENDING...and would you put all of your trust in this rope?

NATPOP WAIT FOR WHITE FLASH The Corona Arch is a sandstone 110 foot tall arch at a national park in Grand County, Utah. It is designed with a bungee rope attached under the arch. It is considered the "World's Largest Rope Swing". Over 27 million people have seen videos of this swing and were warned that a rope this small around your waist can be dangerous.

Even though this woman's jump was successful, some have not been as lucky, and the state of Utah banned the daring activity from the public.
