This runaway horse busted into a French Cafe on Monday in France. Before the horse made its way into the building, it had bucked its rider off at a nearby stable. Workers and customers frantically ran out of the way as the horse galloped down the aisle before running back out of the Cafe.

[A15 - OUT WORD_BE RIGHT BACK]

The French Cafe in the video is a place for locals to watch horse races.. but I bet they never would have thought they would see a race horse THAT close.
