What students and parents are saying:

“...thank you for your wonderful classes. I took the SAT this past weekend and I ran across problems that I could have never solved without your assistance.”

-Nikki Mattar, Rocklin HS Class of 2013

“I took your week-long SAT course over the summer and I just got my scores from the recent SAT. I WENT UP 200 POINTS!

-Sean Tadlock, Rocklin HS Class of 2012

“...I just wanted to thank you for an amazing class that improved my confidence and taught me the skills that I needed to do well on this test. You guys have created an informative and easy to learn curriculum that, coupled with your teaching, doesn't break anyone's bank but gets the job done!! I am very glad that Mrs. Cutts recommended you!

-Zach Vavra, Western Sierra Collegiate Academy Class of 2014

“Travis was really excited when he got home last night. He said he learned more in one class with you than all of last year! He is looking forward to next week.”

-Julie Garabedian, Whitney HS Parent, Class of 2014
