## CEREMONY CONDUCT

The staff of Whitney High School respectfully asks our guests to observe the following as we conduct our graduation ceremony:

- Stand when the processional starts and remain standing until the graduates take their seats.
- Please do not remain at the fence if you move there to take a picture as the graduates enter. Please move away quickly after your graduate passes.
- When we start the roll call of the graduates, listen carefully and quietly to all names of the graduates as the ceremony progresses. We have professional photographers who will take close-up pictures of all the seniors as they receive their diplomas. At the close of the ceremony, we will have a recessional. The teachers will lead the students out and will form a receiving line as the alumni graduates walk past them for the last time. The graduates will reunite with their families outside the stadium.
- Finally, your students receive the diploma cover during the ceremony; diploma documents can be picked up after the graduation ceremony at the attendance windows until 9:30 p.m. or during business hours next week in the administration building.
