**ACADEMIC UNITS:** 5 units per semester  
**ACADEMIC CREDIT:** Technology Credit

**DESCRIPTION** - Graphic Communication II builds on skills learned in Graphic Communications I by emphasizing skill development in desktop publishing, graphic design, and professional printing. Students will continue to explore the design process and find creative visual solutions while having the opportunity to design actual client-based projects for campus programs such as athletics, VAPA, student events/activities, and technology. Students will gain an understanding of the processes and systems common to careers in Graphic Design, Print, Advertising, and Marketing.

**PURPOSE** - Emphasis is placed on idea generation, techniques for inspiration, communicating individual creative processes, and evaluation of design (your work and others) for audience, meaning, and effectiveness. Students will also begin to create an online portfolio of their work to showcase their continued learning as they grow individually as designers. Software training includes advanced techniques in Photoshop, Illustrator, and introduction to InDesign.

**COURSE OBJECTIVES** - By the end of this course, students will be able:

- Increase creative confidence and thinking while learning how to successfully communicate a message visually.
- Learning the skills and knowledge for creating, refining, and having work published for an audience.
- Building professional communication skills and relationships with real clients while positively impacting the WHS campus and community.
- Work with peers to promote divergent and creative perspectives, effective leadership, and team & individual decision making.
- Real life application and mastery of graphic design skills such as elements and principles of design, typography, color theory, and layout.

**COURSE TOPICS** - The course will cover the following topics: Elements of Design • Principles of Design, Advanced Color Theory, Typography, Sketching & Ideation • Persuasion & Symbolism, Visual Literacy and Media • Advanced Digital Manipulation, History of Communication • Career Opportunities, and Photoshop, Illustrator, & Google Docs.
